

**CASE HISTORY FORM
Dyspraxia Awareness Week
(12 – 18 October 2014)**

“There’s more to it than just motor skills”

CALLING OUT TO ALL OUR TEEN-ANGELS!

Thank you for agreeing to help with media and publicity work for the Dyspraxia Foundation – and specifically, Dyspraxia Awareness Week 2014. This year, we are delighted to announce that we will be focusing on adolescence and the many issues (both emotional and physical) than can affect teenagers with dyspraxia as they make that often “tricky” transition from child to adult. It can be a difficult time for any young person to have to navigate – but we know from what you tell us, the challenges can be even greater if you’re also learning to live with dyspraxia.

This form – which is private and confidential – will help us to know more about you and your experiences as either a young adult / teenager living with dyspraxia, or as the parent/guardian of someone with the condition.

Remember, we want this to be a really positive campaign, signposting all the great help and advice we’ve got for young people out there, so we will ensure your story is dealt with sensitively and never sensationally.

And we (or a member of our press team from ‘Trinity PR’) will always contact you before using any information/photos you provide us with, and will not pass on your contact details to anyone without first obtaining your agreement.

Thank you again for volunteering to help raise the profile of such an important cause.

NAME:

DATE OF BIRTH:.....

ADDRESS:

.....

CONTACT DETAILS:

(work, home & mobile tel nos.)

Mobile:

Home:

E-mail:

I am a young adult / teenager living with Dyspraxia

☐

I am the parent of a child living with Dyspraxia

☐

Please use the space below to briefly explain your experience of dyspraxia: (please go onto another page if necessary)

.....

.....

.....

How long have you/your child been affected?

.....

What symptoms did you/your child experience?
